#### ANNOUNCEMENT

Owing to the heavy expense of operating the ice business we are compelled to make a small advance in the price of ice, which will be effective Aug. 20th. We find that at the present prices we would be unable to continue without a heavy loss for the season's business. Beginning Tuesday, Aug. 20, the price will be 15 pounds daily, \$3.00 per month; 20 pounds daily, \$3.75 per month.

## **LECTURE ON THE** PHILIPPINE **ISLANDS**

The auditorium of the First Pres byterian church was well filled last evening for the stereopticon lecture upon the Philippine Islands Mr. Snook showed 144 views of the Islands, and though some of the views were slightly indistinct, they all gave a vivid impression of the native life. As is well known by photographers the air of the tropics being heavily laden with moisture and very hot, it is in an undulating state, and a snap shot taken in the tropics is hardly ever clear and distinct. Some of the views shown had to be taken instantaneous and could not be clear. The colored views and nature scenes were

Mr. Snook gave several scenes con-cerning the child life of the islands, and was most enthusiastic concerning the future of the Filipino. The men, women and children, he said, showed a zeal and ability for knowledge truly remarkable. Some men as old as 65 years, with strict application, learned

the "three R's" of knowledge. ev The industrial training as carried p. on by the Presbyterian schools was explained and its real adaptibility shown. The fact that the Presbyshown. The fact that the Pressy-terians have united with the Methodets in one province and the Baptists n another in normal and theological chools was cited as an indication of

even greater unity to come. After the lecture a large number intered the parlors and enjoyed a social hour. The young people and social board served tasty refreshments.

# CONDENSED MILK PLANT FOR OGDEN

Factory Being Built by Jensen Creamery Company Will Employ Twenty-four People and Be the Most Modern in the West-Should Encourage Dairying in This County.

The Jensen Creamery company is er at 54 7-8c to 55 1-8c and fell away just now finishing the construction of to 54 1-2c a new plant in Ogden. It is located December di Miss Nell Sear of Ogden, on Wall avenue across from John The couple were married at Scowcroft & Sons. This building soon afterward at 321-8c. Investment buying in January processors for sale at this office. Old papers for sale at this office, in advance of any other constructed in gluers were unchanged to 121-2 because in Tabernacle—Elder building is almost exclusively brick, park, \$11.121/2 for lard and \$11.00 for the construction. In fact, it is ducts helped provision prices. Opening figures were unchanged to 121-2 higher, with October at \$18.341/2 for park, \$11.121/2 for lard and \$11.00 for the construction. Walter P. Monson, late president of cement and reinforced concrete with the London conference, will be the a maximum amount of light and venribs.

In this building will be installed B. & G. Butter is manufactured in the butter-making machinery. There one of the most up-to-date creameries of butter and about 600 gallons of ice cream weekly, in addition to eggs, Fishing Trip-Sergeant C. E. Layne poultry and cheese that goes with the left today for a ten days' fishing trip business. But the principal use to which this plant will be put is milk This fall the company will install vacuum pans and other machinery with a capacity to handle 16,000 pounds of milk per day. The plant will employ, when completed,

pany, says of this new plant: "I have studied the farming counwithin ten miles of Ogden and I believe it is well adapted for dairying. The raising of sugar beets and fruits must necessarily also bring dairying, because both fruit and suwrought by the cloudburst was terri- gar beets are very heavy on the soil and it son requires fertilizing. I have while in Spokane recently I was surprised to notice that the fruit farmers around Spokane were buying at accumulated in the city. The interand an easy place for a good girl urban electric lines and rallroads for Telephone 1715. ers from the city of Spokane to the station nearest the farm. I presume and sugar beet fields can be kept in perfect condition by using the ma-

nure from the herds The price of land within ten miles fer on beers, wines and liquors. Fo. of Ogden is high and dairying will reach its full development only when the farmers can receive good prices New Residence-D. O. Shrider has for their milk. It of course, costs more to produce milk from land that dence on Wall avenue, between is worth \$200 to \$300 per acre than Kodak finishing, Tripp, 32014 25th. \$50 to \$100 per acre. The milk condenser can pay the highest price for Judgment Awarded-In the case of milk, so I hope that the establishment of our plant in Ogden will encourage the farmers in producing more milk.

"We expect to haul the milk in on wagons, but we feel certain that speamount prayed for in the complaint, cial rates will be given on the in-The suit was instituted to terurban lines so that milk can be transported at a reasonable figure."
